# ANDAZ DINING

Andaz Macau is home to dynamic culinary venues, where guests can experience authentic flavors of Macau and classic dishes from around the world. Andaz Kitchen is an all-day dining destination featuring live-action cooking displays, where chefs create Portuguese, Macanese and neighborhood dishes. The inspiration behind the design of Andaz Kitchen stems from a series of old Macau shophouses, where the flavor and character of each room are a reflection of the cuisine on offer. In a nod to the maritime history of Macau, wooden archways are built into the interiors above, and the Portuguese mosaic tiles (*azulejos*) on the floor are a reminder of the city's European heritage. The wall features titled, "Layers of Tradition", showcases a carefully curated collection of ceramic blue-and-white plates with hand-painted motifs inspired by Chinese and Portuguese accents commonly seen in Macau.

Andaz Bar offers an open and inviting setting featuring arched elements that have a direct linkage to the European architecture of Macau and splashes of teal and orange hues in a nod to the city's maritime history. Here, business and leisure guests can savor creative cocktails prepared by our mixologist or beers produced by a local Macau brewery.
